8 REGISTRATION INFORMATION —Spring 2007

CHANGING YOUR CLASS SCHEDULE

Before Instruction Begins

Students who have registered may make changes to their schedule. Students may use T-REG/My Web Services to make changes through the day before your class starts.

Adding Classes After They Are Closed

You must attend a class in order to add. If the instructor can accept any additional students, s/he will give you a four-digit authorization code (ADD CODE). You will need to process this code over T-REG 408-741-8734 system to add the class. **You can't process this code over the WEB. You must use this code immediately because it will become invalid if the census date for the class has past.** Payments can be made by credit card (Master card or Visa), over T-REG or on the WEB. It is your responsibility to go to the WEB to My Web Services and print out your current schedule verifying the ADD was processed. **The deadline to process all ADDS is February 9, 2007.**

It is your responsibility to meet all pre and co-requisite requirements. In addition, it is your responsibility to drop the course you added if you no longer want it. Be sure to check deadline dates.

Dropping Classes After instruction Begins

Before instruction begins: You can use T-REG/WEB to drop your classes before the term begins.

After instruction begins: You can use T-REG/WEB to drop your classes. The last day to drop full semester-length classes without a "W" and receive a refund is **February 9, 2007**. You may still drop without a "W" until **February 15, 2007** but **NO REFUND** will be issued. Short-term classes must be dropped by the end of the day of the first class meeting to avoid a "W" and receive a refund.

The **deadline** to drop semester-length classes with a "W" is **April 27, 2007**. For short-term courses, 75% of the term of the class will be used to determine the last day to drop with a "W." After the determined last day to drop, a letter grade other than a "W" will be posted.

An instructor's signature is not necessary to drop a class. It is necessary, however, to have the signature of the laboratory attendant when dropping **chemistry (except Chem 50) and photography** classes, and to get a clearance from the **Physical Education Department** when dropping a P.E. class if you have been issued a locker.

Instructors MAY drop students for failure to attend the first meeting of the class. You should notify the instructor if you are unable to attend the first class meeting.

DO NOT ASSUME THAT YOU WILL BE "DROPPED" FROM A CLASS. IT IS THE STUDENT'S RESPONSIBILITY TO DROP ALL UNWANTED CLASSES. No enrollment fee refunds will be made for classes dropped after the published refund deadline in current Schedule of Classes (see academic calendar)

Audit Information

West Valley College has a student audit policy. Students may not sign up to audit until the class begins. Students need to obtain a "Request to Audit" form from the Division Office and go to the first class meeting. The instructor will sign the form after determining if the student qualifies as an auditing student and if the class is one which may be audited. The signed Request to Audit form is then taken to the Cashier in Admissions and Records and fees are paid. The fee for auditing is \$15 per unit.

Credit/No Credit Option

Not all classes are available on a credit/no credit or grade option. Check the West Valley College Catalog to determine if your class offers this option. If it does, notify your instructor that you choose the credit/no credit option. This must be done before one third of the class (six weeks for a semester-length class) has passed. If you do not notify your instructor, you will automatically receive a letter grade.

Parking Permit Fees

A semester-length student parking permit may be purchased at the Admissions and Records Office. Four-wheel vehicle (auto, truck, van) permits are \$40.00 for fall and spring semesters and \$20.00 for summer. Daily permits may be purchased at any of the daily permit dispensers located in each of the student parking lots. Yellow daily permit dispensers will accept \$1.00 bills, quarters, dimes and nickels. Red dispensers will only accept quarters. Motorcycles do not need to display a parking permit, however, they are required to park only in designated motorcycle parking areas. Vehicles properly displaying a valid Disabled Parking Placard, issued by the California Department of Motor Vehicles, may park in student or staff parking stalls without displaying any other permit.

WINTER SESSION

There is no grace-period during the Winter Session. All vehicles parked on campus during the Winter Session must have a valid parking permit properly displayed at all times.

During the Winter Session, (Monday January 2, 2007 through Wednesday January 24, 2007) all of the fol-

lowing parking permits will be valid for use:

- Fall Semester Permit (Valid through Friday February 2, 2007)
- Spring Semester Permit (Valid January 2, 2007 through May 31, 2007)
- Daily Parking Permit (Valid on the date purchased)

Students who have already purchased a Fall 2006 or Spring 2007 semester length permit may use either of these permits to legally park on campus during the Winter Session. In addition, any student who is officially enrolled in a Winter Session class, and who does not already own a Fall 2006 or Spring 2007 semester length permit is eligible to receive a FREE student parking permit valid for use during the 2006 Winter Session. Winter Session students may pick-up their free student parking permit at the Admissions and Records office during normal business hours.

SPRING SEMESTER

A Grace-Period will be offered during the first two calendar weeks of the Spring Semester. (Monday January 29, 2007 through Sunday, February 11, 2007) During this time no parking citation will be issued to any vehicle that is parked in a marked student parking stall without a permit; all other parking violations will be enforced. Parking citations will be issued to vehicles failing to display a valid student parking permit beginning Monday February 12, 2007.

Parking Fee Refund Policy

Parking permits must be returned to the Admissions and Records Office, by Friday, February 9, 2007 in order to receive a refund.

A brochure with complete parking regulations is available at the District Police Office.

PARKING REGULATIONS

- A valid student or staff parking permit is required to park on campus. Student and Staff parking permit requirements are enforced seven (7) days a week between 7:00am and 10:00pm. Parking areas specifically marked for disabled parking, red zones, loading zones, time zones and other restricted areas are enforced everyday, 24-hours a day.

- Semester-length student parking permits may be purchased at the Admissions and Records Office. To be valid, the permit must be properly placed on the vehicle and be clearly visible from the outside. To be properly placed, it must be affixed to the inside of the front windshield, bottom corner, driver's side. Improper or non-display of a permit will result in a parking citation.

- Daily permits may be purchased at any of the daily permit dispensers located in each of the student parking lots. Yellow daily permit dispensers will accept \$1.00 bills, quarters, dimes and nickels. Red dispensers will only accept quarters. Daily permits must be displayed on the front dashboard and the expiration date or permit number must be visible from the outside of the vehicle.

- Purchase and/or possession of a permit does not authorize parking on campus. It is the responsibility of the driver to properly park the vehicle and display a valid and authorized permit. Vehicles with car covers are no exception. Failure to properly display a permit will result in a citation.

- Visitor parking (30 minute limit) is available, free of charge, in designated spaces in parking lot 5.

- Motorcycles/motorscooters are prohibited from parking in spaces designated for four-wheel vehicles. Designated motorcycle parking is available in parking lots 2, 3, 5, 7. No parking permit is required for motorcycles parking in designated motorcycle parking areas.

- Disabled parking-All drivers who are disabled (as defined in the California Vehicle Code Section 295.5) and use a designated disabled parking stall must display a valid placard or specialized license plates issued by the California Department of Motor Vehicles. Failure to display a valid placard or plate will result in a citation and fine of \$280.

- Special parking and loading-Students or Staff members who have special parking or loading needs must contact the District Police in advance. Business cards or notes left on the vehicle are not acceptable and a citation will result. No warnings are issued.

- This parking information was accurate at the time of publication. However, due to changes in legislation, procedure, or policy, these regulations or procedures are subject to change without written notice. This is a summary of District Parking Policies. Detailed information is available at the Police Business Office or Campus Information Desk located at the Student Center.

12 FINANCIAL AID INFORMATION —Spring 2007

FINANCIAL AID OFFICE

Location: Admissions and Records Building

Phone: (408) 741-2024

Regular Hours: M, W, Th 8:30am – 5:00pm
Tu 8:30a – 6:00p
F 9:00a – 4:00p

We manage programs designed to help students pay for educational and living expenses while they're in school. When students apply for financial aid, we evaluate their circumstances and identify all the financial help available to them through federal, state, and other programs. We then process the payments to each student.

Unfortunately most students don't realize they may qualify for one or more of the financial aid programs currently available. Many students miss out on money that can help them throughout their educational careers—especially when it's money they don't have to pay back.

FINANCIAL AID PROGRAMS AVAILABLE

- Federal Supplemental Education Opportunity Grant (FSEOG) – pays up to \$500/year

All but loans provide you money you don't have to pay back!

FINANCIAL NEED: The difference between the cost of education and the resources available to you.

STEPS TO APPLY FOR FINANCIAL AID

Apply for all the above programs with the following process.

- 1) Complete the Free Application for Federal Student Aid (FAFSA). Apply online at www.fafsa.ed.gov. Toward the end of the application, enter West Valley College (school code: 001338) on your application to ensure that we receive a copy of your application data.
- 2) Stop by the Financial Aid Office to find out what other forms you will need to complete, including the Financial Aid Data Sheet and the Satisfactory Academic Progress Standards document. There may be additional forms that you will be asked to complete, depending on your individual circumstances.
- 3) If you are interested in Federal Work-Study, stop by the Financial Aid Office to complete a Federal Work-Study Agreement form.

4) If you wish to apply for a student loan, stop by the Financial Aid Office to sign up for a loan orientation session.

5) Review the financial aid web pages online at www.westvalley.edu (select "Financial Aid" from the Quick Links menu). Here you will find additional forms and information about scholarships, Federal programs, State programs, and Veterans educational benefits.

Need help? Visit the Financial Aid Office and we'll be happy to assist you.

Special circumstances: If you didn't initially qualify for all the aid you expected, be aware that some students have special circumstances that make them eligible, or increase their award levels. These may include:

- Changes in dependency status or family status
- Recent unemployment
- Ability to pay for college
- Other situations that may impact the family

Our Financial Aid Director must assess your situation to determine your eligibility. Stop by the Financial Aid Office to request a "Professional Judgment".

Financial Aid Application Deadlines

- To ensure priority consideration for Cal Grant eligibility, file your FAFSA application and GPA Verification between January 1, 2007 and March 1, 2007.

- With the exception of the Cal Grant application deadlines listed above, financial aid applications are accepted throughout the 2007/2008 school year (Fall 2006, Spring 2007, and Summer 2007) with a final filing deadline of June 15, 2007. Students are encouraged to apply as soon as possible. Some awards are subject to availability of funds.

SCHOLARSHIPS

West Valley College Scholarships are designed to recognize accomplishments and to provide tangible encouragement to students who have demonstrated academic achievement, leadership, community service, and financial need. Funds are donated from a joint investment of contributions from the private sector and from West Valley College employees. Applications are available from the Financial Aid Office in late October of each year. Awards are announced in late spring, to be awarded for the following school year.

Outside scholarships: Many foundations, professional associations, religious and ethnic organizations, and corporations offer grants and scholarships. These awards are based on a wide variety of qualifications including, financial need, academic achievement, religious affiliation, ethnicity, and special interests. Some of these organizations request that we announce their scholarships to our students. These announcements are posted on the bulletin board at the Financial Aid Office.

RETURN OF TITLE IV FUNDS

A student may owe money back to the Department of Education if he/she received federal financial aid and then withdrew before completing 60% of the semester or completed zero units at the end of the term. The federal programs include: Pell, Academic Competitiveness Grant (ACG), Federal Supplemental Educational Opportunity Grant (FSEOG), and the Federal Family Educational Loan Program (FFEL). The college is required to determine the amount owed and to bill the student. The student has 45 days to respond. If the student fails to pay the debt, the College is required to notify the National Student Loan Data Service (NSLDS) and at that time, the student becomes ineligible for any further financial aid consideration, regardless of which school the student is attending, until the debt is paid in full.

VETERANS EDUCATIONAL BENEFITS

New veterans should contact the Veterans Office at least one and one-half months prior to the first day of school in order to request advance pay. An early date will avoid delay in receipt of the first payment. You must bring a copy of your DD214 or 2384 (Certificate of Eligibility) and any documentation relating to spouse and/or dependents. Returning vets should allow the same amount of time for their requests. Continuing veterans should check with the Veterans Office as soon as they register each semester.

Intersegmental General Education Transfer Curriculum IGETC

The Intersegmental General Education Transfer Curriculum (IGETC) consists of a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus. For certification, all IGETC areas must be completely fulfilled. A minimum grade of "C" in each class is required.

Certification of IGETC will permit a student to transfer from a community college to a campus in either the California State University (CSU) or the University of California (UC) system without the need, after transfer, to take additional lower-division general education courses to satisfy campus G.E. requirements.

Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Students may find it advantageous instead to take courses fulfilling CSU's general education requirements or those of a particular UC campus.

The following courses have been approved by the Intersegmental Committee as fulfilling the IGETC requirements.

General Education Pattern for Bachelor Degrees at California State Universities

Effective September, 1969, the California State University System authorized the “Certification” or “Partial Certification” of General Education (Degree) Requirements to its 23 campus locations. Outlined below is the Certification Program developed by West Valley College.

Careful educational planning will enable students to complete not only the general education requirements for transfer, but also the general education required for the Associate Degree awarded by West Valley College. Consult a counselor for assistance in correlating these requirements.

Students must complete a minimum of 39 units in the 5 categories listed below. A course used to satisfy a requirement in one area may not be used to satisfy a requirement in another area. INFORMATION DISCLOSURE

The Family Educational Rights and Privacy Act (FERPA) and District policy afford students certain rights with respect to their education records. They are:

1) The right to inspect and review the student's education records within 5 days of the day the College receives a request for access.

Students should submit to the Registrar, or other appropriate official, written requests that identify the records they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the College decides not to amend the record as requested by the student, the College will

notify the student of the decision and advise the student of his or her right to a hearing regarding the request for such amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the College discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by West Valley College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

RELEASE OF STUDENT INFORMATION

Students have the right and the responsibility to control the release of information about themselves. On the WVC application, students indicate whether they want certain information to be released to any person or agency who requests it. By answering "yes," students agree to allow their "name, address, telephone number, date and place of birth, major field of study, class schedule, (including classes, rooms, days of the week and time of day for each class), participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the student" to be released without their written consent. Please be advised that answering "no" means that parents, family, friends, and employers cannot have access to the above-mentioned information while answering "yes" means that the College may release any or all of that information on demand. If no answer is provided by the applicant regarding the release of directory information, the College will assume that permission is granted for the release of any information.

It is the responsibility of the students to inform the Vice President of Student Services of their choice concerning release of information EVERY semester. If notification is not received by the Vice President, the answer on record remains in effect.

CAMPUS SAFETY

The West Valley/Mission Community District strives to maintain a safe environment for students, staff, and visitors to pursue educational objectives. However, a truly safe and secure campus can only be achieved with thorough cooperation of all members of our College community.

West Valley College is strongly committed to the establishment of an educational environment in which students, faculty and staff can work together in an atmosphere free of sexual assault. Throughout the academic year, the District Police and Health Services in conjunction with Student Services presents informational programs concerning the awareness and prevention of sexual assault. These programs consist of guest speakers, films and printed materials. To obtain further information, please contact either the District Police, Health Services or Student Services. Counseling assistance is available through Health Services and the Counseling Department.

The College will vigorously prosecute and discipline persons identified as responsible for sexual assaults. In addition to criminal prosecution, the College may impose discipline against students, student organizations or College faculty or staff identified as committing or participating in sexual assaults. College discipline includes: expulsion from the College; suspension for a specific time period; or probation for a specific time period.

Discipline proceedings involving students will be processed through the office of the Vice President of Student Services. Discipline proceedings involving faculty or staff members will be processed through the District Human Relations office. Both the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding. Both the accuser and the accused shall be informed of the outcome of any campus proceeding alleging a sexual assault.

REPORTING SEXUAL ASSAULT

As soon as possible, the victim should report incidents of sexual assault, including date or acquaintance rape to the District Police Department, the local police (if the victim is unable to make contact with the District Police), or a College faculty or staff member who can aid in contacting the proper authorities. The Counseling Department and Health Services can also help in contacting the proper authorities. The victim should make every attempt to preserve any physical evidence of the assault. This may include not showering or bathing, not cleaning the scene of the incident, and not disposing of any damaged clothing or other items. The District Police will immediately initiate a criminal investigation into on-campus sexual assaults.

The victim will be given information on counseling and support groups. If the victim wishes to change an academic schedule, the appropriate steps will be taken to accommodate the victim to the full extent possible. The College also encourages persons reporting to seek the support and assistance of friends or family when needed, in presenting their concerns. Santa Clara County offers 24 hour counseling for victims of crimes. The Santa Clara County Valley Rape Crisis Center may be reached at (408) 287-3000.

SAFETY ESCORTS

There is an escort service at both colleges available from 5:00 pm to 10:00 pm Monday through Thursday. Escorts can be reached by dialing 2092 on campus or 741-2092 from a non-campus line. Times must be arranged in advance so the escorts can meet students at their classes.

The District Police will provide you with assistance in unlocking your vehicle, providing jumper cables, or summoning a tow truck or locksmith to assist you. We cannot attempt to open vehicles which have electric locks or windows. We will also assist family members in contacting students who are in class if there is a serious family emergency.

CRIME PREVENTION

The District Police Department provides a number of services to help educate the campus community in how to avoid being a victim of a crime. Printed information is available at the West Valley Police Department and at the Mission College Police Desk on various topics including: Sexual Assaults, Vacation Security, Family Violence Reduction, Battered Women, Home Security, Crime Victims' Rights, Robbery Prevention, Car Crime Prevention, and How

to Guard Against Attack In and Around Your Car. The police personnel are always available to answer questions and make suggestions regarding campus security issues. The Crime Prevention Officer publishes a periodic newsletter which updates the students and faculty and staff on various aspects of campus safety and current concerns and he/she is also available to make special presentations by appointment.

The campus community will be advised of any situations/incidents which pose a threat by the use of e-mail and the posting of bulletins. The sooner the police are called the better our chance of solving the crime. If you happen to see something suspicious, do not hesitate to call the police with a description of the persons, their vehicle and what they are doing. This may save a fellow student or staff member from suffering the frustration associated with being a victim. Remember it is a team effort. The police are here to serve and assist you, and we need your help to maintain a safe campus that is conducive to learning.
