## PRESIDENT'S MESSAGE

At West Valley College our programs grow and adapt based on the needs of our students and the local communities that we serve. In 2016, we will open the Bill and Leila Cilker School of Art and Design. The Cilker School combines academic programs from the visual and performing arts including Art, Music, Photography, and Theater. Design programs include Architecture, Digital Media, Fashion, and Interior Design. The synergy created by combining these programs under a single school is one we know will benefit students. When traditional academics are combined with the study of visual and performing arts, students develop the knowledge and creativity to solve problems and get things done.

The newly formed Fang Pei Che Family School of Professional Studies is another group of academic programs that have been reorganized to meet the needs of our students and community. Accounting, Administration of Justice, Businesses, Paralegal, Real Estate and Engineering, to name a few, are programs that naturally fit together and create a dynamic interdisciplinary environment.

Groundbreaking on the Jean and E. Floyd Kvamme Planetarium will take place in December 2015. Funded mostly from a \$3.9 million gift from Jean and E. Floyd Kvamme, the new planetarium will provide an ideal learning space to study the universe.

Another recent gift to the college complements our emphasis on Art and Design. Renowned East Bay artist Bruce Beasley has donated his sculpture Rondo III, comprised of stainless steel rings (pictured on front cover). This is the newest of what we hope will be many different art pieces featured on campus, providing our students and the public an opportunity to view a collection of art representing many styles and tastes.

You've chosen a great time to attend West Valley College. The changes to academic programs, opening of new bond-funded buildings, and our beautiful Saratoga campus all help create the optimal learning environment. We look forward to seeing you at West Valley.

Sincerely,  
Bradley Davis  
President, West Valley College

## CHANGING YOUR CLASS SCHEDULE

Students who have registered may make changes to their schedule in the WVCPortal. Always review current balance after making any changes to your schedule.

## Adding Classes

To add a class once the term begins, you must attend the first class meeting (whether you are wait-listed or not). If there are seats available, the instructor will assign students Add Codes for the class. The Add Code is a four digit number that gives the student permission to add the class on our WVCPortal. Add Codes must be used by the deadline.

It is your responsibility to meet all pre and corequisite requirements prior to registration. It is also suggested that students monitor their courses through the WVCPortal on a regular basis. In addition, it is your responsibility to drop the course you added if you no longer want it. Be sure to check deadline dates.

## Dropping Classes

The WVC Portal can be used to drop classes before or after the term begins. It is the student's responsibility to officially drop classes.

**DO NOT ASSUME THAT YOU WILL BE "DROPPED" FROM A CLASS BY THE INSTRUCTOR. IT IS THE STUDENT'S RESPONSIBILITY TO DROP ALL UNWANTED CLASSES.**

No enrollment fee refunds will be made for classes dropped after the published refund deadline in current Schedule of Classes.

## Short Term Classes

Students must drop the day before the first class meeting to receive a refund for short term classes that meet for five days or less. Refunds are also issued to students that drop short term classes that meet 5 times or more before 10% of the scheduled class meetings have elapsed.

## Audit Information

Students auditing a course are observers in the classroom and not enrolled. The student must have previously enrolled for credit for the maximum

number of times allowed for the particular course requested for auditing. To audit a course, students:

1. Submit an application to the college.
2. Attend first class meeting.
3. Obtain signed audit slip from instructor (not all courses are auditable).
4. Bring form to Admissions Office during 3rd week of term with \$15 per unit fee.
5. High School students are **not** allowed to audit.

## Pass/No Pass Option

Not all classes are available on a pass/no pass option. Check to determine if your class offers this option. If it does and you wish to take the pass/no pass option, complete the Pass/No Pass Form and submit to Admissions & Records. This must be completed before one third of the class (see calendar and course syllabus for deadlines). If no form is completed, the student will automatically receive a letter grade. The form is also available online.

## Course Material Fees

Some courses require a mandatory instructional materials fee or an optional fee for purposes of materials needed to assist in learning or achieving the objectives of the course. Education Code section 76365 permits colleges to require students to provide various types of instructional materials and enables colleges to sell such materials.

## Returned Check Fee

The WVC fee for processing checks returned by a bank due to insufficient funds, stopped payment or closed accounts is \$15.00 per check in addition to the original amount and may go as high as \$50.00, depending upon the response time on the check clearance. In addition, a delinquency will be placed on the student's records, registration will not be allowed and transcripts will not be issued. Passing of N.S.F., stop payment, and account closed checks may be considered a criminal offense and may be referred to the District Attorney's Office for prosecution.

## Use of Social Security Number

Notification of Tax Identification Numbers (TIN) or Social Security Numbers (SSN) Required Collection & Usage. Federal legislation relating to the Hope Tax Credit and Internal Revenue Service (IRS) 1098T production mandates that all colleges report student SSN or TIN numbers to the IRS. This IRS mandate requires colleges to collect the SSN or TIN.

A student may refuse to disclose his or her SSN or TIN to the IRS but the IRS is then authorized to fine the student in the amount of \$50. West Valley College assigns a unique student ID number to every student and does not use the SSN or TIN as a student identifier. All SSNs and TINs collected as mandated are protected by federal regulations under the Family Educational Rights and Privacy Act (FERPA).

## Repeatability

New state regulations allow few courses to be repeated. In addition, there are groupings of courses with similar content called "families" in the PE, Art, Theatre, and Music disciplines. West Valley and Mission College's "families" of courses are linked and students may only take 4 courses within a family whether the course is offered at West Valley or Mission College. Refer to the table in the online schedule, campus catalog or consult with a Counselor to review the full list of "family" courses.

### 1. What is Priority Registration?

Sometimes called Priority Registration or Priority Enrollment. There are State-Mandated Priority Registration groups such as Veterans, Foster Youth, EOPS, CalWORKs & DESP participants. By state law, these groups must be given priority over all other students. West Valley College has also established College Priority Registration for other student groups. These groups may register after the state-mandated groups. Beginning in April 2014, all new students registering for fall 2014 and beyond must complete assessment, orientation, and have at least a preliminary Ed Plan (3 core requirements) in order to have "priority registration". Students who have not completed the 3 core requirements will register later than those who have completed these requirements. For more information see the Student Success Act

### 2. How do I register for classes?

If a student misses two semesters (fall/spring), the student will need to file an application for admission. If class has not started and is not closed, students may register through the WVCportal or in person, at the Admissions Office. If class has started or is closed, students will need to obtain an add code from the instructor.

### 3. How do I know if I'm a full-time or half-time student?

Full-time students must be enrolled in 12 units or more. Half-time students must be enrolled in 6 - 11.5 units.

This is solely for Fall and Spring semesters. Please see a Counselor to discuss registration status when taking winter and summer term courses. If proof of enrollment is required, students may request a verification letter from the Admissions & Records Office or print their current class schedule from the WVCportal.

### 4. How do I prove I have met a course prerequisite?

If a prerequisite course was taken at West Valley College or Mission College, the system will automatically verify it and allow registration. If taken at another institution, an unofficial transcript, grade report or in progress print out should be submitted to the Assessment Office. Students also have the option to submit a challenge form along with supporting documents to the Assessment Office. Final decision will be made within 2 business days.

### 5. How many times can I repeat a class?

Students are not allowed to repeat courses that have been successfully completed with a grade of A, B, C or P. Students may repeat any course in which a substandard final grade (D, F, NP or W) was earned. If a student fails the same course TWICE, he/she is required to register in person, at the Admissions Office, for the THIRD and final attempt. An Academic Appeal Petition must be submitted

to the Admissions Office for a FOURTH attempt when documented extenuating circumstances have occurred. See the college catalog for more information regarding course repetition for substandard work, documented extenuating circumstances and/or significant lapse of time.

### 6. When is the last day to register for a class?

The last day to register for a class is the day before the class begins, as long as there is space available. Once the class begins, students must obtain an Add Code from the instructor.

### 7. Can I audit a class and how do I sign up?

Students must exhaust all registration possibilities before an audit is allowed. Some departments allow students to audit their classes for a reduced fee. Audit slips are obtained through the Division Office, signed by the instructor and processed in the Admissions Office. No academic credit, record or grade is given. High School students (Concurrent enrollment) are not allowed to audit.

### 8. Where do I get an Add code?

ADD codes are obtained from the Instructor and may be used to add a class through the WVCportal.

### 9. How do I know if my class was cancelled?

A cancellation email will be sent to you. A cancellation notice will be posted on the classroom door. Check with the Division Office.

### 10. Do I need my instructor's signature to drop a class?

No signature is needed, except when dropping courses for Photography, Chemistry and Physical Education.

A student may owe money back to the Department of Education if he/she received federal financial aid and then withdrew before completing 60% of the semester or completed zero units at the end of the term. The federal programs include: Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), and the Federal Direct Loan Program. The College is required to determine the amount owed and to bill the student. The student has 45 days to respond. If the student fails to pay the debt, the College is required to notify the National Student Loan Data Service (NSLDS) and at that time, the student becomes ineligible for any further financial aid consideration, regardless of which school the student is attending, until the debt is paid in full.

## Financial Aid Updates

### Satisfactory Academic Progress (SAP)

Federal regulations have added a new element to monitor academic progress for financial aid students: Pace Quantitative Standard  
Pace Quantitative Standard: Maintain a CUMULATIVE completion rate of 66.7% (2/3) of ALL attempted units and a CURRENT completion rate of 66.7% (2/3) at the end of every semester.

“Completing” units is defined as receiving a grade of A, B, C, D or P. For additional information please visit [westvalley.edu/financialaid/progress](http://westvalley.edu/financialaid/progress)

## Course repeatability

Students repeating courses will be allowed to continue to benefit from financial aid based on a new course repeatability regulation: Units in which a student is enrolled will be counted for financial aid payment as long as the student has never passed the course. Passing grades are: A, B, C, D, P. If the student passes a course and wishes to repeat it to improve his/her grade; financial aid will allow one repetition after passing the course. Courses from which a student withdraws are not considered repeated coursework. Refer to the College's catalog for the College's course repeatability policy.

## Lifetime Pell Grant Limits

Applies to all students regardless of when they received their first Pell grant. Students are eligible to receive Pell grant for up to 12 full time semesters. A student attending as a half-time (6 units) student is considered as having used half of a semester for purposes of tracking the Pell grant limits.

## Unusual Enrollment History (UEH)

Unusual Enrollment History (UEH) means the student attends an institution long enough to receive (Title IV) federal student aid funds, leaves without completing the enrollment period, enrolls at another institution, and repeats the pattern of attending just long enough to collect Title IV funds without having earned any academic credits.

If selected, Financial Aid will ask for transcripts for all institutions/universities attended in the last four years. Students will also need to provide their reason(s) for jumping from school to school and submit documentation to back up their situation.

Returning veterans should allow the same amount of time for their requests. Continuing veterans should check with the Veterans Office as soon as they register each semester.

## INFORMATION DISCLOSURE

The Family Educational Rights and Privacy Act (FERPA) and District policy afford students certain rights with respect to their education records. They are:

- 1) The right to inspect and review the student's education records within 5 days of the day the College receives a request for access.

Students should submit to the Director of Admissions, or other appropriate official, written requests that identify the records they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the office to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- 2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for such amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- 3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the College discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by West Valley College to comply with the requirements of FERPA:

## THE DISTRICT POLICE

The West Valley/Mission District Police Department provides police patrols by vehicle and foot during class sessions, weekends and holidays. The District Police have full state law enforcement authority identical to that of your local police and sheriff. Officers are responsible for a wide range of public safety services, including crime reports, traffic accidents, criminal investigations and all other incidents requiring police assistance. District Police Officers maintain a mutual aid policy with the police of the City of Santa Clara and the Sheriff of Santa Clara County.

District Police Officers are supplemented by uniformed Parking Enforcement Officers, who may assist with non-emergency situations, aid motorists, provide campus information, issue parking citations, and direct traffic.

## CAMPUS SAFETY

The West Valley/Mission Community District strives to maintain a safe environment for students, staff, and visitors to pursue educational objectives. However, a truly safe and secure campus can only be achieved with thorough cooperation of all members of our College community.

Throughout the academic year, the District Police and Health Services in conjunction with Student Services presents informational programs concerning the awareness and prevention of sexual assault. These programs consist of guest speakers, films and printed materials. To obtain further information, please contact either the District Police, Health Services or Student Services. Counseling assistance is available through Health Services and the Counseling Department.

The College will vigorously prosecute and discipline persons identified as responsible for sexual assaults. In addition to criminal prosecution, the College may impose discipline against students, student organizations or College faculty or staff identified as committing or participating in sexual assaults. College discipline includes: expulsion from the College; suspension for a specific time period; or probation for a specific time period.

Discipline proceedings involving students will be processed through the office of the Vice President of Student Services. Discipline proceedings involving faculty or staff members will be processed through the District Human Resources office. Both the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding. Both the accuser and the accused shall be informed of the outcome of any campus proceeding alleging a sexual assault.

Campus facilities are generally open Monday - Friday, 8am - 5pm, and during other hours as special events, extra curricular and as classes dictate.

## REPORTING SEXUAL ASSAULT

As soon as possible, the victim should report incidents of sexual assault, including date or acquaintance rape to the District Police Department, the local police (if the victim is unable to make contact with the District Police), or a College faculty or staff member who can aid in contacting the proper authorities. The Counseling Department and Health Services can also help in contacting the proper authorities. The victim should make every attempt to preserve any physical evidence of the assault. This may include not showering or bathing, not cleaning the scene of the incident, and not disposing of any damaged clothing or other items. The District Police will immediately initiate a criminal investigation into on-campus sexual assaults.

The victim will be given information on counseling and support groups. If the victim wishes to change an academic schedule, the appropriate steps will be taken to accommodate the victim to the full extent possible. The College also encourages persons reporting to seek the support and assistance of friends or family when needed, in presenting their concerns. Santa Clara County offers 24 hour counseling for victims of crimes. The Santa Clara County Valley Rape Crisis Center may be reached at (408) 287-3000. For more information refer to National Center for Victims of Crime: [nvcv.org](http://nvcv.org)

## SAFETY ESCORTS

There is an escort service at both colleges available from 5:00pm to 10:00pm Monday through Thursday. Escorts can be reached by dialing 2092 on campus or 741-2092 from a non-campus line. Times must be arranged in advance so the escorts can meet students at their classes.

The District Police will provide you with assistance in unlocking your vehicle, providing jumper cables, or summoning a tow truck or locksmith to assist you. We cannot attempt to open vehicles which have electric locks or windows. We will also assist family members in contacting students who are in class if there is a serious family emergency.

## CRIME PREVENTION

The District Police Department provides a number of services to help educate the campus community in how to avoid being a victim of a crime. Printed information is available at the West Valley Police Department and at the Mission College Police Desk on various topics including: Sexual Assaults, Vacation Security, Family Violence Reduction, Battered Women, Home Security, Crime Victims' Rights, Robbery Prevention, Car Crime Prevention, and How to Guard Against Attack In and Around Your Car. The police personnel are always available to answer questions and make suggestions regarding campus security issues. The Crime Prevention Officer publishes a periodic newsletter which updates the students and faculty and staff on various aspects of campus safety and current concerns and he/she is also available to make special presentations by appointment.

The campus community will be advised of any situations/incidents which pose a threat by the use of e-mail and the posting of bulletins. The sooner the police are called the better the chance of solving the crime. If you happen to see something suspicious, do not hesitate to call the police with a description of the persons, their vehicle and what they are doing. This may save a fellow student or staff member from suffering the frustration associated with being a victim. Remember it is a team effort. The police are here to serve and assist you, and need your help to maintain a safe campus that is conducive to learning.

## CLERY ACT – ANNUAL SECURITY REPORT

The annual Security Report is available at the District Police Office, located on the West Valley Campus, and is available through the College website at [wvm.edu/police/](http://wvm.edu/police/) This report includes campus crime and arrest statistics and other information that complies with the Jeanne Clery Disclosure of Campus Security Policy and Crimes Statistics Act. Campus crime, arrest and referral statistics include those reported to the District Police, designated campus officials, and local law enforcement agencies.

## SEX OFFENDER REGISTRATION

Persons required to register in California as sex offenders is available for viewing by visiting the California Department of Justice website at [meganslaw.ca.gov](http://meganslaw.ca.gov)

## ILLEGAL DISTRIBUTION OF COPYRIGHTED MATERIALS

West Valley College students are prohibited from using the West Valley-Mission Community College District (WVMCCD) information network to illegally download or share music, video and all other copyrighted intellectual property. West Valley College supports the Higher Education Opportunity Act and Digital Millennium Copyright Act, including efforts to eliminate the illegal distribution of copyrighted material. Under the law, college administrators may be obligated to provide copyright holders with information about users of the WVMCCD information network who have violated the law.

Be aware that illegal forms of downloading and file sharing as well as the unauthorized distribution of copyrighted materials are violations of the law and may subject one to academic sanctions from the college through the college's student conduct and discipline policies (as published in the College Catalog) as well as criminal and civil penalties, including a lawsuit against a student by the Recording Industry Association of America (RIAA).

Learn more at [campusdownloading.com](http://campusdownloading.com). In addition to being illegal, file sharing drains the WVMCCD network's bandwidth, which slows computer connections for students and employees who are using the network for legitimate academic purposes and ultimately costs the college money. There are plenty of easy, affordable ways to get music online legally. To protect their intellectual property, companies have licensed hundreds of digital partners that offer a range of legal downloading options, including download and subscription services, legitimate peer-to-peer services, video-on-demand, podcasts and CD kiosks. For a list of sources that offer legal downloading sites, access: [riaa.com](http://riaa.com)

## California Nonresident Tuition Exemption

*For Eligible California High School Graduates  
(The law passed by the Legislature in 2001 as "AB 540")*

---

### GENERAL INFORMATION

Any student, other than a nonimmigrant alien, who meets all of the following requirements, shall be exempt from paying nonresident tuition at the California Community Colleges, the University of California, and the California State University (all public colleges and universities in California).

- Requirements:
    - The student must have attended a high school (public or private) in California for three or more years.
    - The student must have graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency exam).
    - An alien student who is without lawful immigration status must file an affidavit with the college or university stating that he or she has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.
  - Students who are nonimmigrants [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.
  - The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.
  - Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.
  - Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will *not* be classified as California residents. They continue to be "nonresidents."
- 

### PROCEDURES FOR REQUESTING THIS EXEMPTION FROM NONRESIDENT TUITION

**California Community Colleges:** Complete the form on the following page. Submit it to the Admissions Office at the community college where you are enrolled or intend to enroll. You may be required to submit additional documentation. Call the college Admissions Office if you have questions.

**University of California:** The University of California (UC) system has its own nonresident tuition exemption application and affidavit form, but it will accept the exemption request form used by the California Community Colleges and the California State University. Your campus has established deadlines for submission of exemption requests; however, requests are not to be submitted until you have been admitted to a UC campus. Some students, such as transfer, graduate, and professional students, also must submit their official high school transcripts; check your campus for specific instructions. Once you are determined to be eligible for the exemption, you will continue to receive it as long as you fulfill the eligibility requirements or until the University no longer offers this exemption. The exemption covers the Nonresident Tuition Fee and the Educational Fee differential charged to nonresident students. Applying for the exemption does not alter your responsibility to pay by the campus deadline any nonresident tuition and associated fees that may be due before your eligibility is determined. General information is available at: [www.ucop.edu/sas/sfs/Programs\\_and\\_Policies/ab540faqs.htm](http://www.ucop.edu/sas/sfs/Programs_and_Policies/ab540faqs.htm). For campus-specific instructions regarding documentation and deadline dates, contact the campus Office of the Registrar.

**California State University:** Complete the form on the reverse. Contact the Office of Admissions and Records at the CSU campus where you are enrolled or intend to enroll for instructions on submission, deadline information, and additional requirements. You will be required to submit final high school transcripts and appropriate records of high school graduation or the equivalent, if you have not done so already. Call the Office of Admissions and Records at the campus if you have questions.

The soon to be remodeled Business and Administration of Justice buildings will house the recently created Fang Pei Che Family School of Professional Studies. Several academic departments, including Accounting, AJ, Business, Computer Applications, Court Reporting, Engineering, Paralegal, and Real Estate will create a synergy of professional careers to empower our students to succeed. The building name recognizes the family of Mr. John Che, Chairman/CEO of ZKTeco, an international identification and security management company. His donation to the college is in honor of his grandfather, who supported education in his native China.

The Bill and Leila Cilker School of Art and Design building, formerly Applied Arts and Science, will house the college's numerous design, visual and performing arts departments. By combining the different departments into a single school, the college has made it easier for students to traverse the curriculum and campus. The state of the art building is named after founder Bill Cilker (and his wife Leila). His family's donation will support all of our art and design programs, as well as provide an endowment for student scholarships.

Artist Bruce Beasley donated his Rondo III sculpture, composed of stainless steel interlocking rings, that contrasts, complements, and frames the nature around it. College president Brad Davis is actively pursuing donated art to complement the campus. Timed with the opening of the new Cilker School of Art and Design, the collection will provide students and the community with samples of a variety of artistic styles.

West Valley offers 22 Associate Degrees for Transfer (ADT), which guarantee transfer to any of the 23 CSU Campuses that provide the same major. CSUs, like San Jose State, are giving guaranteed admission to students who complete an ADT. West Valley leads the region in ADTs, providing our students more opportunities for transfer success.
