The college maintains a Student Health Service designated to facilitate the physical, emotional, and social well-being of students to increase their potential for educational success.

Services include: personal and crisis counseling; limited medical treatments; contraceptive counseling; screenings for blood pressure, pregnancy, and tuberculosis; health assessment; education; and referrals to online and community resources.

Services are provided by a team of health professionals including registered nurses, mental health counselors, and consulting physicians.

Tele-health, including tele-mental health, is available via video/phone and online chat. In addition, students can find information on our website: https://www.westvalley.edu/services/health/

Learning Outcomes

After accessing one or more Health Services programs, services, and/or activities, a student will be able to:

• Locate and utilize the health services offered on campus, online, or in the community.
