Umoja Community

General Information

The West Valley College Umoja Community is a community of educators and learners committed to the academic success, personal growth, and self-actualization of African Americans and other underrepresented students on the road to higher education. The Umoja Community is open to all students, yet it gains meaning through its connection to the African Diaspora. African and African American intellectual, cultural, and spiritual gifts inform the Umoja Community values and practices. WVC Umoja has actively contributed to the transfer of hundreds of West Valley students to the University of California and California State University systems, Historically Black Colleges and Universities, and other renowned public and private universities.
