Public and Student Complaints

Policy on Student and Public Complaints Against Institutions

Approved Revision January 2013

Accreditation by the Accrediting Commission of Community and Junior Colleges, Western Association of Schools and Colleges is an expression of confidence that an institution is satisfactorily achieving its objectives, and that it meets or exceeds the Commission's Eligibility Requirements, Accreditation Standards and abides by Commission policies. The Commission is concerned with institutional integrity and with performance consistent with Accreditation Standards and policies. While it cannot intervene in the internal procedures of institutions or act as a regulatory body, the Commission can and does respond to complaints regarding allegations of conditions at affiliated institutions that raise significant questions about the institution's compliance with the Accreditation Standards expected of an accredited institution.

The Commission does not consider allegations concerning the personal lives of individuals connected with its affiliated institutions. It assumes no responsibility for adjudicating isolated individual grievances between students, faculty, or members of the public and individual institutions. The Commission will not act as a court of appeal in matters of admission, granting or transfer of academic credit, grades, fees, student financial aid, student discipline, collective bargaining, faculty appointments, promotion, tenure and dismissals or similar matters.

The Commission requires that each accredited institution have in place student grievance and public complaint policies and procedures that are reasonable, fairly administered, and well publicized. A complainant filing a complaint with the Commission should demonstrate that a serious effort has been made to pursue all review procedures provided by the institution.

Complaints are considered only when made in writing, when the complainant is clearly identified, and the complainant's address is included. Substantial evidence should be included in support of the allegation that the institution is in significant violation of the Eligibility Requirements, Accreditation Standards and Commission policies (together Commission’s Standards). Such evidence should state relevant and provable facts.

When the Commission receives a complaint about a candidate or accredited institution, it reviews that information to determine if it is relevant to the compliance of that institution with the Commission’s Standards. If appropriate, such information may be referred to the institution and/or to the visiting team next scheduled to evaluate the institution. The Commission at all times reserves the right to request information of an affiliated institution and to visit that institution for purposes of fact-finding, consistent with Commission policy. If Commission investigation yields credible evidence that indicates a systemic problem that calls into question the institution's ability to meet the Commission's Standards, the Commission may invoke the sanctions provided for in policy.

The Commission will also schedule appropriate monitoring of the institution's subsequent response, including calling for Special Reports and visits by Commission representatives.

10. The decision is final and will be communicated by the Vice President of the Commission to the institution and the complainant. If the complaint was referred to the ACCJC by another agency, the Commission will provide that agency with copies of correspondence that state the outcome of the complaint within ten days of the Commission decision on the disposition of the complaint. The Commission will also provide the U.S. Department of Education notice of the disposition of any complaint that directly or indirectly affects an institution's eligibility for Title IV funds.

11. The Commission will keep a record of student and public complaints against member institutions. Commission staff will report to the Commission annually regarding the status and resolution of student and public complaints against member institutions. At the time of an institution's comprehensive evaluation, a summary of any complaints will be provided to the evaluation team chair for consideration by the evaluation team.
