SPECIAL ADMISSION OF HIGH SCHOOL STUDENTS Concurrent Enrollment

This program is a cooperative venture between West Valley College and the local high schools. Under this program students may attend West Valley College as a Special part-time student. Students may take college courses to supplement their high school education programs. Basic skills courses are NOT available

to concurrently enrolled students. This program is designed for students who can benefit from advanced academic and vocational course. The high school principal (or designee) determines which student qualifies to participate by completing the Concurrent Enrollment Form. This form identifies the specific college courses that may be taken. Students can not take more than 6 units.

The special part-time high school student enrolled in approved college courses may receive high school and college credit. Some high schools may allow high school credit only.

Orientations will also be offered during the Fall semester. See page 7 for orientations offered and sign-up procedures.

10 REGISTRATION INFORMATION — Fall 2006

CHANGING YOUR CLASS SCHEDULE

Before Instruction Begins

Students who have registered may make changes to their schedule. Students may use T-REG/Web Advisor to make changes through the day before your class starts.

Adding Classes After They Are Closed

You must attend a class in order to add. If the instructor can accept any additional students, s/he will give you a four-digit authorization code (ADD CODE). You will need to process this code over T-REG 408-741-8734 system to add the class. **You can't process this code over the WEB. You must use this code immediately because it will become invalid if the census date for the class has past.** Payments can be made by credit card (Master card or Visa), over T-REG or on the WEB. It is your responsibility to go to the WEB to WEB ADVISOR and print out your current schedule verifying the ADD was processed. **The deadline to process all ADDS is September 8, 2006.**

It is your responsibility to meet all pre and co-requisite requirements. In addition, it is your responsibility to drop the course you added if you no longer want it. Be sure to check deadline dates.

Dropping Classes After instruction Begins

Before instruction begins: You can use T-REG/WEB to drop your classes before the term begins.

After instruction begins: You can use T-REG/WEB to drop your classes. The last day to drop full semester-length classes without a "W" and receive a refund is **September 8, 2006**. You may still drop without a "W" until **September 15, 2006** but **NO REFUND** will be issued. Short-term classes must be dropped by the end of the day of the first class meeting to avoid a "W" and receive a refund.

The **deadline** to drop semester-length classes with a "W" is **November 17, 2006**. For short-term courses, 75% of the term of the class will be used to determine the last day to drop with a "W." After the determined last day to drop, a letter grade other than a "W" will

be posted.

An instructor's signature is not necessary to drop a class. It is necessary, however, to have the signature of the laboratory attendant when dropping **chemistry (except Chem 50) and photography** classes, and to get a clearance from the **Physical Education Department** when dropping a P.E. class if you have been issued a locker.

Instructors MAY drop students for failure to attend the first meeting of the class. You should notify the instructor if you are unable to attend the first class meeting.

DO NOT ASSUME THAT YOU BE "DROPPED" FROM A CLASS. IT IS THE STUDENT'S RESPONSIBILITY TO DROP ALL UNWANTED CLASSES. No enrollment fee refunds will be made for classes dropped after the published refund deadline in current Schedule of Classes (see academic calendar)

Audit Information

West Valley College has a student audit policy. Students may not sign up to audit until the class begins. Students need to obtain a "Request to Audit" form from the Division Office and go to the first class meeting. The instructor will sign the form after determining if the student qualifies as an auditing student and if the class is one which may be audited. The signed Request to Audit form is then taken to the Cashier in Admissions and Records and fees are paid. The fee for auditing is \$15 per unit.

Credit/No Credit Option

Not all classes are available on a credit/no credit or grade option. Check the West Valley College Catalog to determine if your class offers this option. If it does, notify your instructor that you choose the credit/no credit option. This must be done before one third of the class (six weeks for a semester-length class) has passed. If you do not notify your instructor, you will automatically receive a letter grade.

Daily permits must be displayed on the front dashboard and the expiration date or permit number must be visible from the outside of the vehicle.
- Purchase and/or possession of a permit does not authorize parking on campus. It is the responsibility of the driver to properly park the vehicle and display a valid and authorized permit. Vehicles with car covers are no exception. Failure to properly display a permit will result in a citation.
- Visitor parking (30 minute limit) is available, free of charge, in designated spaces in parking lot 5.

Regular Hours:

We manage programs designed to help students pay for educational and living expenses while they're in school. When students apply for financial aid, we evaluate their circumstances and identify all the financial help available to them through federal, state, and other programs. We then process the payments to each student.

Unfortunately most students don't realize they may qualify for one or more of the financial aid programs currently available. Many students miss out on money that can help them throughout their educational careers—especially when it's money they don't have to pay back.

Need help? Visit the Financial Aid Office and we'll be happy to assist you.

Special circumstances: If you didn't initially qualify for all the aid you expected, be aware that some

students have special circumstances that make them eligible, or increase their award levels. These may include:

- Changes in dependency status or family status
- Recent unemployment
- Unusually high medical bills or child care costs
- Other situations that may impact the family

Our Financial Aid Director must assess your situation to determine your eligibility. Stop by the Financial Aid Office to request a "Professional Judgment".

SCHOLARSHIPS

West Valley College Scholarships are designed to recognize accomplishments and to provide tangible encouragement to students who have demonstrated academic achievement, leadership, community service, and financial need. Funds are donated from a joint investment of contributions from the private sector and from West Valley College employees. Applications are available from the Financial Aid Office in late October of each year. Awards are announced in late spring, to be awarded for the following school year.

Outside scholarships: Many foundations, professional associations, religious and ethnic organizations, and corporations offer grants and scholarships. These awards are based on a wide variety of qualifications including, financial need, academic achievement, religious affiliation, ethnicity, and special interests. Some of these organizations request that we announce their scholarships to our students. These announcements are posted on the bulletin

board at the Financial Aid Office.

RETURN OF TITLE IV FUNDS

A student may owe money back to the Department of Education if he/she received federal financial aid and then withdrew before completing 60% of the semester or completed zero units at the end of the term. The federal programs include: Pell, Federal Supplemental Educational Opportunity Grant (FSEOG), and the Federal Family Educational Loan Program (FFEL). The college is required to determine the amount owed and to bill the student. The student has 45 days to respond. If the student fails to pay the debt, the College is required to notify the National Student Loan Data Service (NSLDS) and at that time, the student becomes ineligible for any further financial aid consideration, regardless of which school the student is attending, until the debt is paid in full.

VETERANS EDUCATIONAL BENEFITS

New veterans should contact the Veterans Office at least one and one-half months prior to the first day of school in order to request advance pay. An early date will avoid delay in receipt of the first payment. You must bring a copy of your DD214 or 2384 (Certificate of Eligibility) and any documentation relating to spouse and/or dependents. Returning vets should allow the same amount of time for their requests. Continuing veterans should check with the Veterans Office as soon as they register each semester.

Intersegmental General Education Transfer Curriculum IGETC

The Intersegmental General Education Transfer Curriculum (IGETC) consists of a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus. For certification, all IGETC areas must be completely fulfilled. A minimum grade of "C" in each class is required.

Certification of IGETC will permit a student to transfer from a community college to a campus in either the California State University (CSU) or the University of California (UC) system without the need, after transfer, to take additional lower-division general education courses to satisfy campus G.E. requirements.

Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Students may find it advantageous instead to take courses fulfilling CSU's general education requirements or those of a particular UC campus.

The following courses have been approved by the Intersegmental Committee as fulfilling the IGETC requirements.

General Education Pattern for Bachelor Degrees at California State Universities

Effective September, 1969, the California State University System authorized the “Certification” or “Partial Certification” of General Education (Degree) Requirements to its 23 campus locations. Outlined below is the Certification Program developed by West Valley College.

Careful educational planning will enable students to complete not only the general education requirements for transfer, but also the general education required for the Associate Degree awarded by West Valley College. Consult a counselor for assistance in correlating these requirements.

Students must complete a minimum of 39 units in the 5 categories listed below. A course used to satisfy a requirement in one area may not be used to satisfy a requirement in another area. Courses used to satisfy major requirements may may or not be used to satisfy general education requirements. Check with a Counselor.

“Certification” or “Partial Certification” may be requested on a Transcript Request Form available in the Admissions and Records Office.

CAMPUS SAFETY

The West Valley/Mission Community District strives to maintain a safe environment for students, staff, and visitors to pursue educational objectives. However, a truly safe and secure campus can only be achieved with thorough cooperation of all members of our College community.

West Valley College is strongly committed to the establishment of an educational environment in which students, faculty and staff can work together in an atmosphere free of sexual assault. Throughout the academic year, the District Police and Health Services in conjunction with Student Services presents informational programs concerning the awareness and prevention of sexual assault. These programs consist of guest speakers, films and printed materials. To obtain further information, please contact either the District Police, Health Services or Student Services. Counseling assistance is available through Health Services and the Counseling Department.

The College will vigorously prosecute and discipline persons identified as responsible for sexual assaults. In addition to criminal prosecution, the College may impose discipline against students, student organizations or College faculty or staff identified as committing or participating in sexual assaults. College discipline includes: expulsion from the College; suspension for a specific time period; or probation for a specific time period.

Discipline proceedings involving students will be processed through the office of the Vice President of Student Services. Discipline proceedings involving faculty or staff members will be processed through the District Human Relations office. Both the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding. Both the accuser and the accused shall be informed of the outcome of any campus proceeding alleging a sexual assault.

REPORTING SEXUAL ASSAULT

As soon as convenient, the victim should report incidents of sexual assault, including date or acquaintance rape to the District Police Department, the local police (if the victim is unable to make contact with the District Police), or a College faculty or staff member who can aid in contacting the proper authorities. The Counseling Department and Health Services can also help in contacting the proper authorities. The victim should make every attempt to preserve any physical evidence of the assault. This may include not showering or bathing, not cleaning the scene of the incident, and not disposing of any damaged clothing or other items. The District Police will immediately initiate a criminal investigation into on-campus sexual assaults.

The victim will be given information on counseling and support groups. If the victim wishes to change an academic schedule, the appropriate steps will be taken to accommodate the victim to the full extent possible. The College also encourages persons reporting to seek the support and assistance of friends or family when needed, in presenting their concerns. Santa Clara County offers 24 hour counseling for victims of crimes. The Santa Clara County Valley Rape Crisis Center may be reached at (408) 287-3000.

SAFETY ESCORTS

There is an escort service at both colleges available from 5:00 pm to 10:00 pm Monday through Thursday. Escorts can be reached by dialing 2092 on campus or 741-2092 from a non-campus line. Times must be arranged in advance so the escorts can meet students at their classes.

The District Police will provide you with assistance in unlocking your vehicle, providing jumper cables, or summoning a tow truck or locksmith to assist you. We cannot attempt to open vehicles which have electric locks or windows. We will also assist family members in contacting students who are in class if there is a serious family emergency.

CRIME PREVENTION

The District Police Department provides a number of services to help educate the campus community in how to avoid being a victim of a crime. Printed information is available at the West Valley Police Department and at the Mission College Police Desk on various topics including: Sexual Assaults, Vacation Security, Family Violence Reduction, Battered Women, Home Security, Crime Victims' Rights, Robbery Prevention, Car Crime Prevention, and How

to Guard Against Attack In and Around Your Car. The police personnel are always available to answer questions and make suggestions regarding campus security issues. The Crime Prevention Officer publishes a periodic newsletter which updates the students and faculty and staff on various aspects of campus safety and current concerns and he/she is also available to make special presentations by appointment.

The campus community will be advised of any situations/incidents which pose a threat by the use of e-mail and the posting of bulletins. The sooner the police are called the better our chance of solving the crime. If you happen to see something suspicious, do not hesitate to call the police with a description of the persons, their vehicle and what they are doing. This may save a fellow student or staff member from suffering the frustration associated with being a victim. Remember it is a team effort. The police are here to serve and assist you, and we need your help to maintain a safe campus that is conducive to learning.
