The Transfer Admission Guarantee (TAG) program is a partnership between California Community Colleges and the University of California (UC) system. By participating in TAG, students receive early review of their academic records, early admission notifications, and specific guidance about major preparation and general education coursework.

Six UC campuses offer a TAG (you can only apply for a TAG to one campus)

*GPA varies by major and some majors are excluded from TAGs.

To be eligible for a TAG, students must:

- Complete 30 transferable units at the time of TAG application (September 1 – 30)
- Complete a minimum of 60 transferable units by the end of the spring semester prior to transfer
- Complete all required major and GE coursework (dependent on major and campus)
- Meet specific GPA requirements for major preparation coursework (dependent on major and campus)

Students must submit an application for admission to the UC system November 1–30. If approved, students need to complete all remaining coursework and GPA requirements outlined in the TAG agreement during the spring semester.

We offer lower division (freshman and sophomore) general education and major preparation courses equivalent to those at a university. Transferring is a complex and detailed process which requires careful planning. Our counselors and the Transfer Center staff can help make the transition a smooth one.

Associate Degrees for Transfer (ADT, AA-T, AS-T)

The Associate Degree for Transfer (ADT), also known as the Degree with a Guarantee, is a pathway that makes it easier for students to transfer from California Community Colleges (CCC) to certain colleges and majors within the California State University (CSU) system, within the Association of Independent California Colleges and Universities (AICCU), and to participating Historically Black Colleges and Universities (HBCU).

Benefits of obtaining an ADT when transferring to a CSU campus

- GPA bump when applying to a CSU with a similar degree program
- An ADT degree guarantees admission to a CSU (students who do not get into the school of choice may be rerouted to another CSU who offers a similar degree program)
- Students who complete an ADT enter the CSU system with junior standing and will be required to take no more than 60 units to complete their BA/BS degree

Benefits of obtaining an ADT when transferring to an AICCU campus or participating HBCU

- Guarantees admission to ADT students as long as they complete all additional admission requirements for the AICCU or HBCU campus they apply to
- Guarantees a minimum of 60 semester/90 quarter units will transfer
- Guarantees the student transfers with junior standing
